

# Getting Started with the DecisionDirector RFP Response Process

Last Modified on 07/10/2018 11:08 am MST

We host on-line RFPs (or RFX's) through our [DecisionDirector](#) system.

DecisionDirector allows our clients to publish all relevant RFP documents, including questions, requirements, terms and conditions, pricing forms, et cetera, and allows vendors to respond to the same securely and privately.

## Getting Started

***IMPORTANT:** In order to respond to DecisionDirector bids, your organization must first become a registered supplier in DecisionDirector.*

To start this simple process, send an email to [support@advantiv.com](mailto:support@advantiv.com) .

Click [here](#) for more information about responding to RFPs in DecisionDirector.

What our clients are saying

*"I cannot imagine undertaking any procurement project where stakeholders are impacted or requirements are extensive without DecisionDirector. The value we create when Advantiv and DecisionDirector are involved is fantastic. A must have for any large or complex procurement!"*

**Dean Reynolds, CIO**
