

# Creating a Collaborative Activity

*Last Modified on 07/26/2016 10:10 am MST*

The central purpose of DecisionDirector is to allow people to collaborate in a structured, efficient, easy, and effective way that leads to alignment of people and purpose and establishes the foundation for great decision-making.

Typical collaborative activities include:

- Requirements Gathering
- Business Process Review
- Vendor Evaluation
- Proposal Rating and Review
- Document Review
- and many more...

To see how collaborative activities are created, view the How-To video: [Creating a Collaborative Activity \(the ENTIRE process\)](#)
